Sunbeam Early Learning Center, located in Watson, has earned reaccreditation from the National Association for the Education of Young Children (NAEYC) — the nation's leading organization of early childhood professionals. Sunbeam, started in September 1980 by owner and director Helen Post-Brown, is a fully licensed, nationally accredited early learning center. The center, which is a West Virginia Pre-K center, has more than 27 staff members and serves more than 100 families. The children range from 3 months old to 10 years old. The center has been accredited for more than 15 years and on Dec. 1, 2013, received its fourth accreditation after an extensive self-study process and an on-site visit by NAEYC Assessors.
